EDUCATION

BSc Mathematical Sciences

University of Bath (2:2), 2021–25

Relevant modules: Statistics (72%),

Graphs & Networks (72%),

Programming (72%)

A-Levels

Peter Symonds College, 2019–21

Maths A*, Physics A*, Chemistry A,

Further Maths A

TECHNICAL SKILLS

- Programming: Python, R, SQL
- Tools: Power BI, Power Automate, Copilot Business
- Methods: regression, clustering, hypothesis testing, time-series modelling, spatial analysis
- Other: data quality assurance, stakeholder communication

ACHIEVEMENTS

- Gold Duke of Edinburgh Award
- Grade 8 Trumpet — performed at the Royal Albert Hall
- Musical Director, University Concert Band
- Completed the 10-day Tour du Mont Blanc & 3 half-marathons

SUMMARY

Data Analyst with experience delivering population-level insight, automated reporting and spatial analysis for a GP Partnership serving 49,000 patients. Skilled in Python, R, SQL, Power Automate & Power BI, with a strong statistical foundation and clear, concise communication.

PROFESSIONAL EXPERIENCE

Data Analyst / Junior Data Scientist

Living Well GP Partnership, Nov 2025 – Present

- Built automated Power BI dashboards integrating EMIS, Anima, Care Connect and SharePoint data.
- Standardised and linked multisource datasets, improving data quality, transparency and reproducibility.
- Delivered analytical investigations including patient–site mapping, GP continuity analysis and workforce planning insight.
- Implemented data-quality checks and clear metadata, ensuring reliable, fit-for-purpose outputs.
- Analysed variation across patient groups to identify inequalities and support targeted interventions.
- Presented findings to clinicians and managers, translating complex analysis into actionable recommendations.

Operations Control

Glastonbury Festival, June 2022

- Managed live radio communications and coordinated incident responses during 12-hour night shifts; received direct praise and invitation to return.

Tutoring & Teaching

Self-employed, 2023 – Present

- Delivered trumpet tuition and A-level maths tutoring, strengthening communication and explanation of complex concepts.
